Lab #1 – Eclipse Tutorial

Follow the instructions on the eclipse tutorial which can be found here:

<http://cs.saddleback.edu/eclipse/eclipseC++.pdf>

Copy the code on slide 13 of the tutorial.

Be sure to run and print your code and print the output.

Cut and paste the **output** into a txt file **within** eclipse.

- ➔ Right click on your project folder
- ➔ Select "New"
- ➔ Select "File"

TURN IN (be sure to staple it)

- 1- This page as a coversheet
- 2- Turn in your **output** printed from eclipse
- 3- Turn in your **code** printed from eclipse
